Trevor Loudon Coming to the Last Best Place!

We're thrilled to bring Trevor Loudon to Montana. If you've never heard of Trevor be sure to check him out and what he's done at trevorloudon.com and you won't be disappointed. In fact, read about him in our newsletter and make plans to attend today.

The Last Chance Patriots debut tour with Trevor will begin in Missoula on Monday, October 16th. We'll move to Kalisepell on Tuesday, Polson on Wednesday, Bozeman on Thursday and finish in Great Falls on Friday the 20th.

We're exhausted thinking about it but you only have to attend one event and bring a friend or two. You'll learn lessons on the 'Deep State' and how Communism is hardly dead, but alive and well and deeply imbedded in Congress. Pass the word and bring your neighbors.

The threats our nation and state face are growing each and every day. No one knows more about what we face than Trevor Loudon. Our Newsletter this month is dedicated to his visit to help us Save Our State! Do your part today!

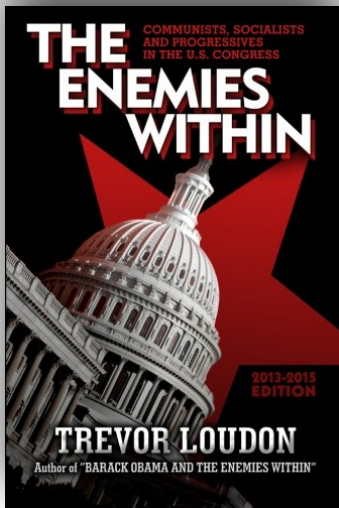

Missoula Refugee Update thru September 20, 2017

As of September 20, 2017 there have been 119 refugees resettled in Missoula since August 2016. Their countries of origin are:

Democratic Republic of Congo	37
Eritrea	50
Ethiopia	7
Iraq	12
Syria	13

I am happy to report that between June 15th and September 12th there were NO refugees added to these totals. This was unlikely to continue and in fact on September 13th four Syrians were warmly welcomed to Missoula.

Our attention must be focused on this looming problem for the foreseeable future. It is unlikely that President Trump will significantly impede the resettlement of refugees from Muslim countries for FY 2018. Now that the IRC and Soft Landing believe that there appears to be no further opposition to refugees in Missoula (as Mary Poole has been quoted as saying recently), it is highly likely that we will see more Muslims resettled in Missoula in the coming fiscal year. This is not the time to sit back quietly; it is time to shine a harsh light on the dangers and costs of refugee resettlement in Montana!

"There are a hundred members of your House and 20 members of the U.S. Senate who are enmeshed in neo-communist or Muslim Brotherhood front groups".

Trevor Loudon

Who Is Trevor Loudon?

Trevor Loudon is an author, filmmaker and public speaker from Christchurch, New Zealand. For more than 30 years, he has researched radical left, Marxist and terrorist movements and their covert influence on mainstream politics. Trevor Loudon's thesis is that what is commonly regarded as mainstream political policy is in fact driven and guided by hidden subversive elements.

The Democratic party's consistent defunding of the US military, Obamacare, the Iran Nuclear Deal, normalization of relations with Cuba, Islamic refugee re-settlement, \$15 minimum wage, fracking bans, pipeline shutdowns and the push for illegal alien amnesty are all consistent with far-left and Islamist agendas. Trevor Loudon believes that these forces must be exposed and countered, as America's continued role as a bastion of freedom is pivotal for the future of western civilization. Some of Trevor Loudon's accomplishments:

- In Collaboration with the Capital Research Center, Trevor Loudon and Director Judd Saul are working on a series exposing radical forces who want to destroy America. The first installment of this series, "America Under Siege: Civil War 2017" is available at no cost on YouTube.
- Loudon has addressed more than 400 conservative, tea party, religious and Republican groups in more than 37 states.
- In 2009 Loudon exposed the communist roots of Obama's "Green Jobs Czar" Van Jones. After an extensive campaign by Glenn Beck and others, Jones was forced to resign from his White House position.
- Loudon has interviewed many people from both sides of the struggle over the years, from former Western intelligence officers, to government undercover operatives inside the communist movement, to former KGB officers.
- After extensively researching Obama's ties to the New York and Chicago Marxist movements, Loudon began publishing his findings online, catching the eye of such prominent voices as Accuracy in Media and syndicated radio host Glenn Beck.
- Since 2011 Loudon has toured the United States promoting his two books "Barack Obama and the Enemies Within" and "The Enemies Within: Communists, Socialists and Progressives in the U.S. Congress" – an extensively footnoted expose' of the rapidly unfolding Marxist takeover of the United States government.

Tidbits from Around the Last Best Place

Bullock and Budget: An Oxymoron: Remember the summer of 2016? That's when our Governor ran those homey, sweet-looking TV ads touting his ability to balance Montana's budget. He even said he'd managed to have a \$300 million 'rainy day' fund. You can Google it and watch the Governor and his family and friends sitting around a campfire roasting marshmallows, with a perfectly clean tent and our gorgeous mountains in the background. That was just a mere 14 months ago and now he's talking nearly a \$300 million dollar shortfall. How could it be? The math would say if his first statement about the 'rainy day' fund were true ... that would mean in the last 14 months we've had an unbelievable swing of losing \$600 million dollars. Think about that for awhile.

Our Senator Tester Gets a 'D': According to NumbersUSA, Jon Tester is in love with immigrants and illegals. They have a cool rating system based on how our Congressman vote on key issues. Seems Mr. Tester twice co-sponsored legislation to overturn President Trump's Executive Order halting refugees from certain countries. In 2015 he voted against a resolution that would expedite the deportation of illegals. He's a close associate of Senator Feinstein from CA. Speaking of CA, a tidbit the Missoulian probably 'overlooked', in November 2011, Steve Bing, Peter Lowy, Michele Reiner and Rob Reiner hosted a fund-raising evening for Montana's Democratic senator, Jon Tester, at Craft restaurant in Century City. Seems 'down home' Jon has two sides.

Islamic Speakers in Our Schools: Humanities Montana announced their programs for the new school year. While many of their programs are appropriate and interesting, 'A Perspective on Islam' as well as two other programs on Islam would seem to be a violation of church and state, at least in most states. Here in Montana? We couldn't even get a discussion going with the Attorney General's office. Lots of phone tag, runarounds and finally we were told, "We don't respond to citizens, only government agencies". Umm?
